Vote No to Send ILA & USMX Back to the Bargaining Table!

We sent USMX & ILA back to the table in September and won back our October 1 wage increase.

We have 10 months left on this contract.

Make them deliver a better deal!

What we want:

- A real wage bridge: 4 years or 4,000 hours to top rate, whichever comes first.
- USMX should pay for our wage increase, not us.
- Protect our healthcare and pension benefits with higher employer contributions.
- Real protection, not promises, from labor-saving technology.

VOTE NO ON 11/17 (7am to 7pm)!
